

This is a detailed wiring diagram for a vehicle's electrical system. The diagram shows the following components and their connections:

- Battery:** Located at the top left, with terminals connected to various wires.
- Alternator:** Located at the bottom left, with terminals connected to the battery and other components.
- CDI (Capacitor Discharge Ignition):** Located at the bottom right, with terminals connected to the battery and the ignition system.
- Relays and Switches:** Several relays and switches are shown, including a main relay, a fuel pump relay, and a horn relay. These are connected to various wires and components.
- Lights and Horn:** The diagram includes connections for the headlights, taillights, and the horn.
- Wiring Color Codes:** Wires are color-coded and labeled with abbreviations such as B/R (Black/Red), W (White), Y/W (Yellow/White), and others.
- Terminal Numbers:** Various terminal numbers are indicated throughout the diagram, such as 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.
